

FlexiFeed

January '23

Welcome to our first FlexiFeed Supplier Newsletter!

We'll send you a monthly supplier newsletter with tips, updates, and announcements to help you get the most from Flexischools.

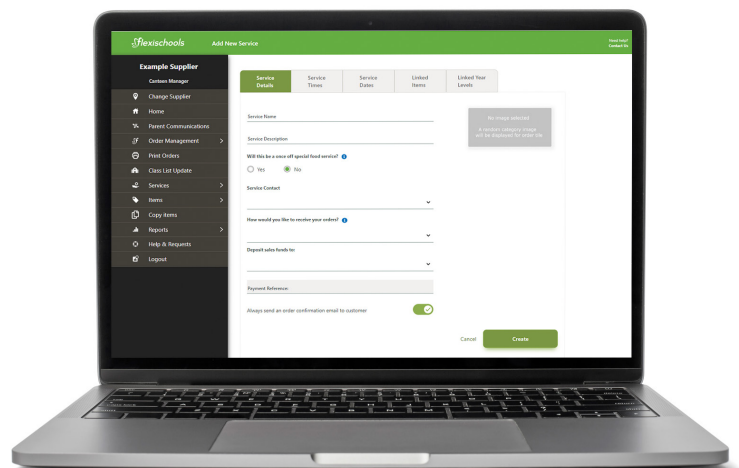

What's new?

'Create New Service' feature now available in the supplier portal!

'Create New Service' allows you to build your own additional food services and make this available for your customers to order.

You can use it to do things like add a recess service, special canteen day, or staff lunch service.

We've already had great feedback from canteens who've told us how much quicker and easier it makes setting up new services. We hope you like it too!

This exciting new Flexischools feature is now available under the 'Services' tab in the supplier portal.

Upcoming events

14 February: **Valentine's Day:** Add some pink-coloured options to your menu (e.g. berry smoothies, watermelon slices, strawberry muffins).

21 February: **Shrove Tuesday (Pancake Day):** Celebrate the day by making sweet and savoury pancakes.

17 March: **St Patrick's Day:** Go green for the day (e.g. green cupcakes, green jelly cups, green apples, green grapes, pesto pasta).

School of the month

Beacon Hill Public School

Beacon Hill Public School (BHPS) ran a Colour Fun Run late last year. Students and teachers had an amazing time as they darted through the powder stations!

BHPS used Flexischools for the event ticketing and food packs and had 822 orders. Wow!

We will be giving a \$50 gift card to BHPS and \$50 to a charity of their choice.

Don't forget to encourage your parents to order via the Flexischools app to increase your canteen, uniform, and event orders next month.

Celebrating you

Each month we are celebrating our awesome Flexischools suppliers by choosing a 'School staff member/volunteer of the month'.

January Canteen Manager of the Month: Jan Baldwin from Harbord Public School, NSW

Jan has been at Harbord Canteen for twelve years and during that time the school population has grown enormously. They now have over 1,000 students and the canteen regularly has over 400 online orders on a Friday!

We'll be sending Jan a \$50 voucher as a small token of appreciation for all her hard work over the years.

What's in the works?

New ordering process - coming soon!

Our team has spent the summer holidays putting the final touches on a new ordering process in the Flexischools App, and we're excited to give you a sneak peek of how that will look!

The new ordering screens will give parents a shopping cart feature, so they'll be able to place multiple orders at once, and order for more than one child in the same order!

This is a feature that parents have been asking us for, and we're pleased to bring it to Flexischools.

For canteens, the updated ordering process won't change how you receive and manage your orders in the supplier portal.

Supplier Resources

We've put together some free resources you can post on your school's social media channels to help guide your parents to start using Flexischools – great for new parents at the start of the school year!
